

## A new river service operated by Fluviofeeder links Rouen, Longueil-Sainte-Marie and Gennevilliers: HAROPA PORT expands its hinterland

Fluviofeeder, a subsidiary of the MARFRET group, will be launching next week a new river service linking Rouen, Longueil-Sainte-Marie and Gennevilliers.

The first rotation is scheduled for October 9 starting out from the SOMAP terminal in Rouen.

▶▶ The new service helps strengthen HAROPA PORT's multimodal service offering, adding reliable, environmentally-friendly transport solutions and options for longer parking at inland terminals.

### Details of the Rouen - Longueil-Sainte-Marie - Gennevilliers Fluviofeeder service
