

**HAROPA
PORT** Le Havre
Rouen
Paris

A leading deep sea offer

Source : Catalogue DEEP SEA - January 2024

THE ADVANTAGES

- wide range of maritime services
- competitive transit times
- exceptional nautical conditions
- multi-traffic

OUR POSITIONING

- **1st** French port for foreign trade;
- over **660** ports around the world;
- about **45** shipping companies;
- nearly **2,800** commercial offers per week;
- **1st** port of call for imports and last for exports on the North European rotation;
- nautical access to maritime terminals in less than 90 minutes;
- complete maritime offer with the presence of all 3 shipping alliances (THE Alliance, 2M, Ocean Alliance).

Europe's maritime gateway

HAROPA PORT maritime terminals are accessible **24/7** to the world's largest fully loaded ships, **without tidal constraints**. With the presence of all the **shipping alliances** of the East-West trade and some **fifty shipping companies**, France's leading port offers **regular services** to nearly 700 ports for **all types of traffic** (containers, ro-ro, dry and liquid bulk, conventional and heavy lift).

HAROPA PORT offers a **fast and competitive connection** to all sourcing and distribution markets, ensuring **competitive transit times**.

An expanded short sea offer

As an alternative to road transport, short sea completes HAROPA PORT's multimodal railway/waterway offer, which aims at reducing the environmental footprint of the supply chain.

Thanks to multiple short-distance routing solutions - short sea, feeder, ferry - **HAROPA PORT is connected to the main sourcing markets:**

- Southern Europe: Turkey, Greece, etc.
- Near East: Israel, Egypt, etc.
- North Africa: Morocco, Algeria, etc.
- Cross-Channel: Great Britain
- Northern Europe: Norway, etc.
